DIRECTORATE OF ESTATE & LAND MANAGEMENT**AGENDA NO.14****EXTENSION IN LEASE AGREEMENT IN RESPECT OF PETROL PUMPS UNDER THE CONTROL OF MDA, MULTAN****AIM:**

Aim of the agenda is to extend the lease period and execution of lease agreement with PSO / Proprietors in respect of 05 number petrol pumps installed on the MDA land.

DETAIL:

The Multan Development Authority, Multan at present is the owner of 06 petrol pump sites at different locations in Multan City. Previously these sites were leased out at different dates and lease agreements were executed as per Government Policy under the Disposal of Land By the Development Authorities (Regulations) Act, 1998. On expiry of lease period further extension in lease period was not granted by the Authority and no lease agreement was executed with PSO / proprietors because the Disposal of Land by the Development Authorities (Regulations) (Amended) Act, 2007 was repealed and the Government of the Punjab introduced new Act, THE MANAGEMENT AND TRANSFER OF PROPERTIES BY DEVELOPMENT AUTHORITIES ACT, 2014. According to this Act, the Government of the Punjab has to frame the Rules and the Development Authorities have to draft Regulations on the subject and submit to Government for vetting and notification to adopt uniformity in policy for all the Development Authorities in Punjab.

As, the Rules likely to frame under the Management & Transfer of Properties by the Development Authorities Act, 2014 are not framed by the Government, therefore, in the 67th Authority Meeting held on 06-10-2015 it was decided that the sites of petrol pumps may be disposed off through open auction. However, first right of refusal will be given to the present occupant / proprietor after the auction. In accordance with the decision of the Governing Body, MDA notices were served upon to all the lessees on 22-10-2015 to vacate the site so that the auction proceedings may be carried out.

All the tenants / proprietors of Petrol Pumps being dissatisfied with the decision, filed Suit in Civil Court and succeeded to get stay order in their favour on the ground that they have spent a huge amount on account of installation of Machinery and super structure built thereon, therefore, the action of MDA is quite harsh to eject the old tenants from the site. The civil suits of the tenants of petrol pumps are still pending but meanwhile, for the site of Block-F, Jinnah Park, Shah Rukne Alam Colony, Multan the suit of the plaintiff was dismissed due to non prosecution. MDA by taking immediate action seal the premises at this juncture the Pakistan State Oil Ltd came forward and offered that they are ready to increase the rent on a reasonable side in case, MDA may not eject the existing tenants. MDA asked the PSO Authorities and others whose case are yet pending and stay order granted by the court is operative that their request can be considered subject to the increase in rent at the present rates of Model Town site disposed off for installation of petrol pump through open auction in the year 2010. Moreover, MDA shall

increase the rent on the above said rate from the date of issuance of notice i.e. 22-10-2015.

The PSO Authorities along with others after a several meetings agreed with the MDA demand only with the condition that the lease period should have been at par with the lease period of Model Town site i.e. upto 2028 and the yardstick made for the recovery of enhanced rent should be in accordance with the area of Sq Feet of petrol pump. The above said condition of the PSO as well as others is based on the logic that once they are going to pay the rent at par with the site disposed off through open auction, they should have been treated at par with the Model Town site towards the lease period. The above said negotiations were undertaken after taking the advice of MDA's Legal Advisors who were of the view point that MDA can only lease out the site instead of petrol pump which is the property of tenants.

PROPOSAL:

The above said explanation of the PSO and others seems to be reasonable. Following proposals are offered for deliberation as per **ANNEX-F**.

- a. Monthly rent rates shall be enhanced as per ANNEX-F for all sites.
- b. The enhancement shall take effect from 22-10-2015 as stated above.
- c. New lease agreement shall be enforced from 22-10-2015 upto 2028. This period is not extendable
- d. Enhanced rent and other arrears shall be deposited to MDA by 28-02-2017 in maximum of lump-sum or two instalments well before registration of lease agreement whichever is earlier.
- e. Other than above point, all the tenants and conditions agreed with Model Town Petrol Pump shall be applicable for all other sites, mutatis mutandis

RECOMMENDATIONS:

The House is requested to approve the above proposal please.

DIRECTORATE OF ESTATE & LAND MANAGEMENT**AGENDA NO.15****JOURNALISTS BLOCK IN FATIMA JINNAH TOWN PHASE-II, MULTAN****AIM:**

Recovery of outstanding cost of land and development charges of Journalists Block.

DETAIL:

In the 70th Authority Meeting of MDA held on 23-07-2016 (**ANNEX-G**), it was decided to waive off Rs.34.957 million from the total recoverable cost of Rs.88.214 million from the Journalist leaving a balance amount of Rs.53.957 million subject to the condition that: -

- i. Punjab Journalists Housing Foundation may allow to deal the matter directly with the allottees.
- ii. The President Press Club Multan shall ensure undertaking of every allottee / journalist in the shape of affidavit on stamp paper of the value of Rs.50/- that they will pay the dues uptill 31-12-2016 and not claim maintenance from the MDA.
- iii. In case they fail to deposit such dues as per their share they shall be liable to pay the fine as levied by MDA.

Accordingly, PJHF issued a letter dated 07-10-2016 (**ANNEX-H**) that their Competent Authority approved the recovery of Rs.53.956 million from the allottees directly by MDA subject to following conditions: -

- a. MDA will not hand over the possession of plot to any allottee without clearance by PJHF
- b. PJHF will issue the clearance certificate to the allottees after payment of all outstanding dues of PJHF
- c. PJHF reserves the right to allow further sale / transfer as per the policy determined subsequently.

Despite above decision, no allottee of Block-J deposited the dues and made compliance. Now PJHF has issued minutes of meeting of its Board of Directors dated 01-12-2016 (**Annex-J**) wherein it has been decided by them under item No.17 that: -

- Departmental charges were reduced from 12.5% to 6%
- Maintenance charges reduced to 1 year
- MDA to do the needful and intimate the amended charges to PJHF within 7 days
- PJHF will remain the authority to allow the transfer of plots and to collect the prescribed fee accordingly.
- PJHF to work out the modalities for establishing a field office at Multan to facilitate transfer of plot.

As per the decision mentioned above, the comparison statement has been prepared by Engineering Directorate MDA, which is as at **(ANNEX-K)**, according to which the development cost of Block-J will be reduced from Rs.426.960 million to Rs.353.89 million which will ultimately reduce the recoverable balance amount from Rs.88.214 million to Rs.15.098 million. It is stated that MDA keeping in view secluded status of PJHF project and welfare of Journalist of Multan waved off approximately Rs.34.957 million in 70th Governing Body Meeting and now they have asked for the reduction of Rs.38.159 million from MDA share which will ultimately lay extra burden on other allottees or MDA has to pay from its self income, however, in order to recognized the minutes / decision the following proposals are hereby made for consideration and appropriate order please.

1. The decision on the issue may be obtained from the Government with the request that in case the proposal / decision made by the committee dated 01-12-2016 communicated through minutes are approved. The differential amount of rebate may be paid to the MDA by the Government of the Punjab, so that the impact of monitory loss as well as precedent could have been avoided.
2. Governing Body, MDA may further waive off Rs.13.207 million in term of maintenance charges by reducing it to one year period as requested. Reduction in Departmental charges is not recommended as it was mutually agreed by the concerned parties and it may set a adverse precedent.
3. The House itself may decide keeping in view the reservations of MDA.

RECOMMENDATIONS:

The House is requested to approve the above proposal please.
